**VOLUNTARY ANNOUNCEMENT
TEMPORARY SUSPENSION OF PRODUCTION FACILITIES**

This announcement is made by Dalipal Holdings Limited (the “**Company**” and together with its subsidiaries, the “**Group**”) on a voluntary basis.

Since the outbreak of the new coronavirus pneumonia epidemic (the “**Epidemic**”) across the People’s Republic of China (the “**PRC**”), a number of provinces and municipalities in the PRC have taken emergency public health measures and various actions, including travel and transportation restrictions in various cities in the PRC, to prevent the spread of the Epidemic. Such measures have led to extensive disruption to the normal operation of some of the businesses in the PRC, as a result of, among of others, a shortage of workforce and disruption to the logistics network in some areas of the PRC.

Taken into account the impact of the Epidemic as described above and as part of the Group’s effort to prevent the spread of the Epidemic and to ensure the health and safety of the Group’s employees in the PRC, the operation of the production facilities will remain suspended after the Chinese New Year holidays. The Group has informed its customers regarding the temporary suspension of the Group’s production facilities and the disruption to the delivery of its products. Although such suspension has been caused by event which is beyond the control of the Group, the Group will endeavour to meet the original production orders placed, and delivery of such orders, to the extent practicable.

The board (the “**Board**”) of directors (the “**Directors**”) of the Company will continue to monitor closely the development of the Epidemic and relevant PRC government policies and will ensure resumption of the operation of the Group’s production facilities as soon as possible to the extent practicable.

Shareholders and potential investors of the Company are advised to exercise caution when dealing in the shares of the Company.
